Pricing

The cost of a firework display can vary widely depending on the number of fireworks used, the intensity of the display, duration and whether the display is choreographed to music. Every display we design, we do with you and your venue in mind.

Whatever you choose, you can rest assured your display will contain the same high-quality fireworks we use in all of our displays and will be delivered to the very highest standard, giving you the perfect end to your perfect day.

Musical Firework Displays

If you really want to impress, your firework display can be fully choreographed to music. Use one of our popular programmes or let us know your music choices, and our display designer will choreograph your display with split-second timing. We provide a quality outdoor sound system suitable for 300 guests FREE OF CHARGE if you book a musical display.

Non-Musical Firework Displays

No music - no problem! The spectacular sparkles in the sky will be the only entertainment you and your guests need to bring your wedding reception to a perfect end.

Low-Noise Displays

Using specialist materials, we can provide a reduced noise, high-impact display at venues where noise levels are a consideration. Choose from any one of our packages, and we will replace the loud effects with visually stunning quieter ones. Whatever your budget and whether or not you have music, we will create a unique and spectacular display that will keep you and your venue happy.

Elite Displays

A highly technical show, using thousands of single-shot effects utilising high-quality European fireworks. These displays take weeks of planning, design and preparation, but the results will leave you and your guests in awe! Call to discuss.

Bespoke Displays

We love being creative and specialise in bespoke displays designed just for you, so if you have a particular song or colour in mind, let us know, and we will incorporate them into your display. We're also renowned for producing large-scale firework spectacles and can tailor your display to any budget. With Reaction Fireworks the sky is literally the limit.

Sparktacular First Dance

Give your first dance or cake-cutting ceremony that extra wow factor using our amazing cold spark fountain effects and dry ice. This unique special effect projects cool sparks up to 5 metres high and can be used where traditional pyrotechnics are not allowed. Our sparkular machines produce no smoke or smell and are incredibly safe to use.
